

Jim Carroll

Global Futurist, Trends & Innovation Expert

"I align you to the future by providing highly customized trends & industry research, delivered in a compelling motivational style."

In a world of relentless disruption, Jim Carroll provides the clarity and foresight leaders need to navigate change and own the future. For over 30 years, he has been one of the world's leading experts on the trends shaping our world, sharing his insights with over 2 million people at events worldwide.

What sets Jim apart is his deep commitment to providing highly customized, heavily researched, and industry-specific guidance. He transforms growth-oriented organizations into high-velocity innovation heroes by helping them see disruptive trends and act on opportunity.

Jim's client list spans nearly every industry, a testament to his ability to deliver relevant, impactful insights for any audience. He has been trusted by organizations such as:

- Technology & Science: NASA, Microsoft, SAP, US Air Force Research Laboratory
- Corporate & Finance: The World Bank, Wall Street Journal, National Australia Bank
- Consumer, Food & Entertainment: The Walt Disney Organization, Godiva, Subway
- Healthcare & Pharma: Johnson & Johnson, Pfizer, Novartis
- Associations & Events: PGA of America, World Government Summit, Swiss Innovation Forum

His projects are as unique as his clients. Jim has explored the future of the space industry for NASA (twice), accelerated innovation in golf for the PGA of America, and detailed the future of healthcare for Pfizer, just six months before the pandemic.

Jim's authority on innovation is recognized globally. BusinessWeek named him one of four leading sources for insight on creativity and innovation, and he was a featured expert on the prime-time CNBC series, *The Business of Innovation*. His work has been covered by the *BBC*, *Reuters*, *The Wall Street Journal*, and many other global publications.

He is the author of numerous books, including *Dancing in the Rain*, *Think Big, Start Small, Scale Fast* and *The Future Belongs to Those Who Are Fast*.

Whether delivering a high-energy keynote to an audience of 5,000 or leading an intimate strategic planning session for a C-suite team, Jim provides a powerful roadmap for future success.
